RATIONALE FOR REQUEST:	I attended a Catholic school myself and strongly believe it provides the best education, not just academically but also in building strong values, faith, and moral character. My wife and I also wish Dwij to receive the same foundation, helping him understand the meaning of life, the importance of religion, and becoming a responsible citizen. Additionally, our close family friend and neighbor's daughter, who is also Dwij's good friend, attends this school, and it would be beneficial for both of them to study together in a familiar and supportive environment.
